Honor Your Caregiver

A Way to Say Thank You

There are hundreds of ways that a caregiver, be it a physician, nurse, technician or staff person can make a difference in your care, making your medical journey easier. Our Honor Your Caregiver program gives patients and family members the opportunity to say thank you and recognize those who played a significant and meaningful role in their healing through a donation to the USC Verdugo Hills Hospital Foundation.

When you honor your caregiver, it is not only a meaningful expression of gratitude, it is also a vital investment that strengthens the care and compassion we provide. The USC Verdugo Hills Hospital Foundation will share with your honoree that a gift was made to recognize his or her care, along with any kind words that you may write.

Giving with Gratitude
The Greatest Needs Fund at USC Verdugo Hills Hospital

The Greatest Needs Fund helps support the highest and greatest needs at USC Verdugo Hills Hospital. Each year, these gifts give us the flexibility to direct significant resources wherever they will have maximum impact. This generous support provides critical unrestricted funding to help provide better health care for families across the region.

The funds raised support the following:
- Major capital expenditures and equipment
- Major renovation of hospital rooms and services
- Preventive health care education and programs
- Patient services and programs
- Clinical education and training

Every gift makes a difference, no matter how small or large and there are many ways to give. You can call or email today to start a conversation about how your generosity can heal.

USC Verdugo Hills Hospital:
At USC Verdugo Hills Hospital, physicians, nurses and staff provide personalized, innovative, and high-quality health care relevant to our patient community.

USC Verdugo Hills Hospital, a part of Keck Medicine of USC, is a 158-bed community hospital serving the cities of Glendale, La Crescenta, and La Cañada Flintridge, as well as the surrounding Foothill communities of the San Gabriel and Crescenta Valleys. As the only community hospital in the Keck Medicine of USC Health System, USC Verdugo Hills Hospital provides easy access for our patients to the best medical care available.

USC Verdugo Hills Hospital Foundation:
Founded in 1974, the USC Verdugo Hills Hospital Foundation raises and manages funds for the benefit of USC Verdugo Hills Hospital.

“As long as I walk this earth, I won’t forget the exceptional care that Dr. Tashman and the Emergency Department provided Tyler that night.”
— Tammy Stradiotto, mother of Tyler

After a misdiagnosis earlier in the day at a local urgent care center, 7-year old Tyler’s parents were told that the severe headache he had been experiencing all day was, in fact, bacterial meningitis. “The team at USC Verdugo Hills Hospital worked quickly, and immediately started Tyler on two powerful antibiotics. The timeliness and decisiveness of the care Tyler received made all the difference and he made a full recovery within ten days,” shares Tyler’s dad, James Przybyla.

Join us today, by honoring your caregiver and help USC Verdugo Hills Hospital save lives by providing personalized, innovative, and high-quality care.
